

Managing Legal Holds

GETTING STARTED

! Before you begin, verify:

- Your Legal Holds License is valid.
- The Legal Hold Confirmation Server is configured.
- The Employee List is up to date with all system administrators and potential custodians.
- For details on building an employee list, see “Discovering Custodian Data” in the *Legal Holds User Guide*.

Legal Hold Workflow

- 1 Create the legal hold
The legal hold is a virtual container to organize notices, surveys, templates, and responses.
- 2 Create and send the legal hold notice
Notices, reminders, and escalations can be sent immediately or scheduled to be sent automatically.
- 3 Track responses
- 4 Generate and export reports

Next Steps...

- ! Release custodians from the notice
- ! Monitor, manage, and administer legal holds

1. CREATE THE LEGAL HOLD

1. From **All Legal Holds**, click **Add**.
2. Type the Legal Hold Name, provide a description, and select the case.
3. (Optional) Specify a list of administrators to be BCC'd on all notices.
4. Assign the Access Group permissions for the legal hold.
5. (Optional) Update the default notice templates.
6. Click **Save**.

2. CREATE AND SEND THE LEGAL HOLD NOTICE

1. From **All Legal Holds**, select the legal hold.

NEXT STEPS...

RELEASE CUSTODIANS FROM THE NOTICE

When potential custodians are no longer considered relevant to a legal matter or you no longer need to preserve the data associated with them, you can release the custodians from the legal hold notice.

To release a custodian

1. Select the hold.
2. Select the notice from which the custodian is to be released.
3. Release the custodian by clicking the broken chain link icon  next to the custodian's name.

 **Note:** You can release multiple custodians at once by selecting the checkboxes next to the custodian names and clicking **Release**.

MONITOR, MANAGE, AND ADMINISTER LEGAL HOLDS

For detailed information on monitoring, managing, and administering legal holds, see the Legal Holds User Guide.

The user guide describes customizing notices, creating and using templates, archiving and restoring legal holds, and additional administrative and maintenance tasks.
