GLOBAL ENVIRONMENTAL INFORMATION

Veritas is constantly working with our partners, suppliers and hardware manufacturers to eliminate or reduce the use of hazardous substances. In addition to meeting legal requirements, Veritas will continue to work to reduce the use of environmentally-sensitive materials in our products, as well as continue to evaluate the technical and environmental, health and safety impacts of alternative materials.

Compliance documentation, such as Declaration of Compliance for the product is available upon request to regulatory.compliance@veritas.com. Please include product name and country that compliance information is needed in request.

BATTERIES

Below is a listing of batteries that could be present in the product.

Battery Description	Battery Type	Battery Weight (kg)
CR2032	Lithium button cell	0.003

POWER CORDS AND USER DOCUMENTATION

Veritas products are provided with the power cord and user documentation suitable for the intended country of delivery. Products that are relocated to other countries should use nationally certified power cords and plugs to ensure safe operation of the product. Contact Veritas to determine if alternate power cords or user documentation in other languages is available for your market.

DATASHEET RESPONSIBLE PARTY NAME AND ADDRESS

Veritas World Headquarters, 500 East Middlefield Road, Mountain View, CA 94043
Department: Appliance Solutions Manufacturing

For additional questions regarding this datasheet please contact your Veritas sales representative or contact the Appliance Solutions Manufacturing department at regulatory.compliance@veritas.com

DECLARATIONS OF COMPLIANCE

The list of global legal and market requirements is constantly changing and too lengthy to list in this data sheet. However, here are several of the more commonly requested declarations and certifications.

EU-Directive 2015/683/EU (RoHS III)

Veritas products sold in the EU on or after July 1, 2006 comply with the EU RoHS (including RoHS-6) requirements. In line with the RoHS Recast Directive, service or upgrade parts that do not meet the restricted levels may no longer be offered to support legacy products sold prior to July 1, 2006 unless they are compliant.

All of Veritas's Appliances currently available for sale meet the RoHS and the RoHS Recast requirements. Veritas understands the environmental risks associated with the hazardous substances covered by the ROHS and the Recast Directive and have removed the use of these substances in its products.

The addition of 4 new substances to RoHS restriction list was officially published on 4 June 2015. In Commission Directive (EU) 2015/863, phthalates DEHP, BBP, DBP, and DIBP were added to Annex II of the RoHS Directive.

Starting from 22 July 2019, electrical and electronic equipment on the EU market will have to comply with the new requirements. The enforcement date for medical devices and monitoring and control instruments is 22 July 2021.

Veritas Technologies LLC is aware of the adaption and the relevant effective dates. We are already working with our suppliers in order to ensure compliance with the new Directive 2015/863 latest by July 22nd of 2019.

India RoHS

All Veritas branded products have been designed and manufactured in compliance with E-Waste (Management & Handling) Rules on the reduction in the use of hazardous materials in the manufacture of electrical and electronic equipment and their maximum allowed concentrations by weight in the homogenous material (except for the exemptions listed in schedule II).

Substance Concentration

Lead 0.1%

Mercury 0.1%

PBB (Polybrominated Biphenyls) 0.1%

PBDE (Polybrominated Diphenyl Ethers) 0.1%

Hexavalent Chromium 0.1%

Cadmium 0.01%

EU REACH

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, 1907/2006) is the European Union's (EU) chemical substances regulatory framework. Veritas complies with the REACH directive.

REACH (Registration, Evaluation, Authorisation and Restriction of Chemicals, EC 1907/2006) is the European Union's chemical regulation that came into force on 1 June 2007 and will be phased in over an 11 year period (until 2018).

As supplier of articles under REACH, Veritas will fulfill its applicable duties within the required timelines.

SVHCs reported to us by suppliers of the listed product (as of the date of this statement) are disclosed below:

Declarable Substance	1,2-dimethoxyethane; ethylene glycol dimethyl ether (EGDME)
CAS Number	110-71-4
EC Number	203-794-9

Declarable Substance	Bis (2-ethylhexyl) phthalate (DEHP)
CAS Number	117-81-7
EC Number	204-211-0

Declarable Substance	Dibutyl phthalate (DBP)
CAS Number	84-74-2
EC Number	201-557-4

Declarable Substance	4,4'-isopropylidenediphenol
CAS Number	80-05-7
EC Number	201-245-8

Declarable Substance	Diboron trioxide
CAS Number	1303-86-2
EC Number	215-125-8

Declarable Substance	Lead monoxide (lead oxide)
CAS Number	1317-36-8
EC Number	215-267-0

Declarable Substance	Lead titanium trioxide
CAS Number	12060-00-3
EC Number	235-038-9

Declarable Substance	Lead titanium zirconium oxide
CAS Number	12626-81-2
EC Number	235-727-4

China RoHS

In accordance with China's Administrative Measures on the Control of Pollution Caused by Electronic Information Products (EIP) # 39, also known as China RoHS, the following information is provided regarding the names and concentration levels of Toxic Substances (TS) or Hazardous Substances (HS) which may be contained in server products relative to the EIP standards set by China's Ministry of Information Industry (MII).

关于符合中国《电子信息产品污染控制管理办法》的声明
Management Methods on Control of Pollution from
Electronic Information Products
(China RoHS declaration)

Name of Component	Hazardous/Toxic Substance/Elements					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium	Polybrominated Biphenyl	Polybrominated
Chassis	X	O	O	O	O	O
Bezel	O	O	O	O	O	O
Storage (JBOD)	X	O	O	O	O	O
Power Cord	O	O	O	O	O	O
Rails	O	O	O	O	O	O
HDD	X	O	O	O	O	O
Power Supply	X	O	O	O	O	O
PCB	X	O	O	O	O	O

X: Indicates that this hazardous substance contained in at least one of the homogeneous materials of this part is above the limit requirement in SJ/T 11363-2006

O: Indicates that this hazardous substance contained in all homogeneous materials of this part is below the limit requirement in SJ/T 11363-2006

The Environment-Friendly Use Period (EFUP) for all enclosed products and their parts are per the symbol shown here, unless otherwise marked. Certain field replaceable parts may have a different EFUP (for example, battery modules) number. The Environment-Friendly Use Period is valid only when the product is operated under the conditions defined in the product manual.

EU Waste Electrical and Electronic Equipment (WEEE) (2012/19/EU)

Products are marked with this symbol to show that they were produced after 13th August 2005, and should be disposed of separately from normal domestic / commercial waste so that they can be recycled

This product should not be disposed of with domestic / commercial waste. It should be deposited at an appropriate facility to enable recovery and recycling.

- Much of the WEEE ends up in landfill, where the lead and other toxins it contains can cause soil and water contamination. This can have a harmful effect on natural habitat, wildlife and also human health.
- Many electrical items that we throw away can be repaired or recycled. Recycling items helps to save our natural finite resources and also reduces the environmental and health risks associated with sending electrical goods to landfill.

Our product complies with European Directive 2012/19/EU, on waste electrical and electronic equipment.

For more information on VERITAS' Recycling Program, please visit our [WEEE Compliance and Battery Recycling Website](#)

EU Packaging Directive

No CFCs (chlorofluorocarbons), HCFCs (hydrofluorocarbons) or other ozone depleting substances are used in packaging material. Chromium, lead, mercury, or cadmium are not intentionally added to packaging materials and are not present in a cumulative concentration greater than 100 ppm as incidental impurities. No halogenated plastics or polymers are used for packaging material. Veritas comply with the European Union's Directive on Packaging and Packaging Waste 94/62/EC of 20 December 1994, as amended by 2004/12/EC.

EU Batteries Directive

Products are marked with this symbol to show that they were produced after 13th August 2005, and should be disposed of separately from normal domestic/commercial waste so that they can be recycled.

Batteries in this product should be collected separately and not disposed of with domestic / commercial waste. Substances in batteries can have a potential negative impact on health and environment and therefore should be disposed of in the correct manner.

For more information on VERITAS' Recycling Program, please visit our [WEEE Compliance and Battery Recycling Website](#)

PRODUCT SAFETY

The product has been certified and bears the Mark, as applicable, of the Product Safety authorities as indicated below.

ELECTROMAGNETIC COMPATIBILITY

EMC Emissions Class refers to one of the following use environments:

- EMC Class B products are intended for use in residential/domestic environments but may also be used in non-residential/non-domestic environments.
- EMC Class A products are intended for use in non-residential/non-domestic environments. Class A products may also be utilized in residential/domestic environments but may cause interference and require the user to take adequate corrective measures.

For Product Safety and EMC compliance, this product has been assigned a unique regulatory model and regulatory type that is imprinted on the product labeling to provide traceability to the regulatory approvals noted on this datasheet. This datasheet applies to any product that utilizes the assigned regulatory model and type including marketing names other than those listed on this datasheet. ErP compliance is tied to the CE mark.

The product has been certified and bears the Mark, as applicable, of the EMC authorities as indicated below.

REGULATORY MARKS

Country/Region	Authority Mark or	Meets EMC/Safety
Argentina	IRAM	Class A & Safety
Australia/New Zealand	RCM	Class A
Brazil	InMetro	Class A & Safety
Canada	IC	Class A & Safety
China	CCC	Class A & Safety
European Union	CE	Class A & Safety
Eurasian Customs Union (Armenia, Belarus, Kazakhstan, Kyrgystan, Russia)	EAC	Class A & Safety
India	BIS	Safety
Japan	VCCI	Class A
Korea	KCC	Class A
Mexico	NOM	Safety

Russia	GOST	Class A & Safety
South Korea	KCC	Class A
Taiwan	BSMI	Class A
United States	FCC	Class A & Safety
Japan	VCCI	Class A
Vietnam	MIC	Class A

GLOBAL TRADE COMPLIANCE

Certain Veritas products, including software, documentation, services, and related technical data, available on the Veritas and other websites are subject to export controls administered by the United States (including, but not limited to, the U.S. Department of Commerce Export Administration Regulations (“EAR”)) and other countries including, controls for re-export under European Union, the Singapore Strategic Goods Control Act, and the import regulations of other countries.
