

## Declaration of compliance with EU WEEE Directive

### Background

The EU Directive on Waste Electrical and Electronic Equipment (WEEE) (2012/19/EU) places a number of obligations on VERITAS as a producer of electrical and electronic equipment. VERITAS meets these obligations through its [corporate eWaste program](#) as follows:

#### 1. Product Design

VERITAS incorporates environmental considerations throughout product design. VERITAS engineers take what we have learned about the environmental impact of existing product designs and use that knowledge to implement best practices for ongoing design.

#### 2. WEEE Label

All VERITAS products that are subject to the WEEE Directive are compliant with the WEEE labelling requirements and are marked with the crossed out wheelie bin symbol.

#### 3. Registration and Reporting

VERITAS is registered with all relevant country regulators and/or compliance schemes for the purposes of the WEEE Directive. VERITAS reports its performance according to the various national timetables across the EU.

#### 4. WEEE Take Back

We offer product take-back to all of our customers to help ensure products are recycled or disposed of responsibly and in compliance with the law. For more information please visit our [WEEE Compliance and Battery Recycling Website](#).

#### 5. Treatment

In compliance with EU waste law and in accordance to the waste hierarchy, when appropriate, we recondition take back products for internal deployment. All remaining products are disassembled. Where possible, some subassemblies are re-manufactured and tested to new product standards, so the products may be used again. Products that cannot be re-manufactured are sent to our recycling partners.

#### 6. Information to Recyclers

For more information on VERITAS' Recycling Program, please visit our [WEEE Compliance and Battery Recycling Website](#)

If you have any questions regarding this declaration of compliance, please contact your Veritas sales representative or contact [regulatory.compliance@veritas.com](mailto:regulatory.compliance@veritas.com)
