6. **UPGRADES/CROSS-GRADES.** Symantec reserves the right to require that any upgrades (if any) of the Licensed Software may only be obtained in a quantity equal to the number indicated on the applicable License Instrument. An upgrade to an existing license shall not be deemed to increase the number of licenses which You are authorized to use. Additionally, if You upgrade a Licensed Software license, or purchase a Licensed Software license listed on the applicable License Instrument to cross-grade an existing license (i.e. to increase its functionality, and/or transfer it to a new operating system, hardware tier or licensing meter), then Symantec issues the applicable Licensed Instrument based on the understanding that You agree to cease using the original license. Any such license upgrade or cross-grade is provided under Symantec's policies in effect at the time of order. This License Agreement does not separately license You for additional licenses beyond those which You have purchased, and which have been authorized by Symantec as indicated on the applicable License Instrument.

7. **LIMITED WARRANTY.**

7.1. **MEDIA WARRANTY.** If Symantec provides the Licensed Software to You on tangible media, Symantec warrants that the magnetic media upon which the Licensed Software is recorded will not be defective under normal use, for a period of ninety (90) days from delivery. Symantec will replace any defective media returned to Symantec within the warranty period at no charge to You. The above warranty is inapplicable in the event the Licensed Software media becomes defective due to unauthorized use of the Licensed Software. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY FOR SYMANTEC'S BREACH OF THIS WARRANTY.**

7.2. **PERFORMANCE WARRANTY.** Symantec warrants that the Licensed Software, as delivered by Symantec and when used in accordance with the Documentation, will substantially conform to the Documentation for a period of ninety (90) days from delivery. If the Licensed Software does not comply with this warranty and such non-compliance is reported by You to Symantec within the ninety (90) day warranty period, Symantec will do one of the following, selected at Symantec's reasonable discretion: either (i) repair the Licensed Software, (ii) replace the Licensed Software with substantially the same functionality, or (iii) terminate this License Agreement and refund the relevant license fees paid for such non-compliant Licensed Software. The above warranty specifically excludes defects resulting from accident, abuse, unauthorized repair, modifications or enhancements, or misapplication. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY FOR SYMANTEC'S BREACH OF THIS WARRANTY.**

8. **WARRANTY DISCLAIMERS.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE WARRANTIES SET FORTH IN SECTIONS 7.1 AND 7.2 ARE YOUR EXCLUSIVE WARRANTIES AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. SYMANTEC MAKES NO WARRANTIES OR REPRESENTATIONS THAT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES WILL MEET YOUR REQUIREMENTS OR THAT OPERATION OR USE OF THE LICENSED SOFTWARE, CONTENT UPDATES, AND UPGRADES WILL BE UNINTERRUPTED OR ERROR-FREE. YOU MAY HAVE OTHER WARRANTY RIGHTS, WHICH MAY VARY FROM STATE TO STATE AND COUNTRY TO COUNTRY.

9. **LIMITATION OF LIABILITY.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL SYMANTEC OR ITS LICENSORS, RESELLERS, SUPPLIERS OR AGENTS BE LIABLE TO YOU FOR (i) ANY COSTS OF PROCUREMENT OF SUBSTITUTE OR REPLACEMENT GOODS AND SERVICES, LOSS OF PROFITS, LOSS OF USE, LOSS OF OR CORRUPTION TO DATA, BUSINESS INTERRUPTION, LOSS OF PRODUCTION, LOSS OF REVENUES, LOSS OF CONTRACTS, LOSS OF GOODWILL, OR ANTICIPATED SAVINGS OR WASTED MANAGEMENT AND STAFF TIME; OR (ii) ANY SPECIAL, CONSEQUENTIAL, INCIDENTAL OR INDIRECT DAMAGES WHETHER ARISING DIRECTLY OR INDIRECTLY OUT OF THIS LICENSE AGREEMENT, EVEN IF SYMANTEC OR ITS LICENSORS, RESELLERS, SUPPLIERS OR AGENTS HAS BEEN ADVISED SUCH DAMAGES MIGHT OCCUR. IN NO CASE SHALL SYMANTEC'S LIABILITY EXCEED THE FEES YOU PAID FOR THE LICENSED SOFTWARE GIVING RISE TO THE CLAIM. NOTHING IN
THIS AGREEMENT SHALL OPERATE SO AS TO EXCLUDE OR LIMIT SYMANTEC’S LIABILITY TO YOU FOR DEATH OR PERSONAL INJURY ARISING OUT OF NEGLIGENCE OR FOR ANY OTHER LIABILITY WHICH CANNOT BE EXCLUDED OR LIMITED BY LAW. THE DISCLAIMERS AND LIMITATIONS SET FORTH ABOVE WILL APPLY REGARDLESS OF WHETHER OR NOT YOU ACCEPT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES.

10. MAINTENANCE/SUPPORT. Symantec has no obligation under this License Agreement to provide maintenance/support for the Licensed Software. Any maintenance/support purchased for the Licensed Software is subject to Symantec’s then-current maintenance/support policies.

11. SOFTWARE EVALUATION. If the Licensed Software is provided to You for evaluation purposes and You have an evaluation agreement with Symantec for the Licensed Software, Your rights to evaluate the Licensed Software will be pursuant to the terms of such evaluation agreement. If You do not have an evaluation agreement with Symantec for the Licensed Software and if You are provided the Licensed Software for evaluation purposes, the following terms and conditions shall apply. Symantec grants to You a nonexclusive, temporary, royalty-free, non-assignable license to use the Licensed Software solely for internal non-production evaluation. Such evaluation license shall terminate (i) on the end date of the pre-determined evaluation period, if an evaluation period is pre-determined in the Licensed Software or (ii) sixty (60) days from the date of Your initial installation of the Licensed Software, if no such evaluation period is pre-determined in the Licensed Software (“Evaluation Period”). The Licensed Software may not be transferred and is provided “AS IS” without warranty of any kind. You are solely responsible to take appropriate measures to back up Your system and take other measures to prevent any loss of files or data. The Licensed Software may contain an automatic disabling mechanism that prevents its use after a certain period of time. Upon expiration of the Licensed Software Evaluation Period, You will cease use of the Licensed Software and destroy all copies of the Licensed Software. All other terms and conditions of this License Agreement shall otherwise apply to Your evaluation of the Licensed Software as permitted herein.

12. U.S. GOVERNMENT RESTRICTED RIGHTS. The Licensed Software is deemed to be commercial computer software as defined in FAR 12.212 and subject to restricted rights as defined in FAR Section 52.227-19 “Commercial Computer Licensed Software - Restricted Rights” and DFARS 227.7202, “Rights in Commercial Computer Licensed Software or Commercial Computer Licensed Software Documentation”, as applicable, and any successor regulations. Any use, modification, reproduction release, performance, display or disclosure of the Licensed Software by the U.S. Government shall be solely in accordance with the terms of this License Agreement.

13. EXPORT REGULATION. You acknowledge that the Licensed Software and related technical data and services (collectively “Controlled Technology”) are subject to the import and export laws of the United States, specifically the U.S. Export Administration Regulations (EAR), and the laws of any country where Controlled Technology is imported or re-exported. You agree to comply with all relevant laws and will not to export any Controlled Technology in contravention to U.S. law nor to any prohibited country, entity, or person for which an export license or other governmental approval is required. All Symantec products, including the Controlled Technology are prohibited for export or re-export to Cuba, North Korea, Iran, Syria and Sudan and to any country subject to relevant trade sanctions. You hereby agree that You will not export or sell any Controlled Technology for use in connection with chemical, biological, or nuclear weapons, or missiles, drones or space launch vehicles capable of delivering such weapons.

14. TERMINATION. This License Agreement shall terminate upon Your breach of any term contained herein. Upon termination, You shall immediately stop using and destroy all copies of the Licensed Software.

15. SURVIVAL. 16. GENERAL.

16.1. ASSIGNMENT. You may not assign the rights granted hereunder or this License Agreement, in whole or in part and whether by operation of contract, law or otherwise, without Symantec’s prior express written consent.

16.2. COMPLIANCE WITH APPLICABLE LAW. You are solely responsible for Your compliance with, and You agree to comply with, all applicable laws, rules, and regulations in connection with Your use of the Licensed Software.

16.3. AUDIT. An auditor, selected by Symantec and reasonably acceptable to You, may, upon reasonable notice and during normal business hours, but not more often than once each year, inspect Your records and deployment in order to confirm that Your use of the Licensed Software complies with this License Agreement and the applicable License Instrument. Symantec shall bear the costs of any such audit, except where the audit demonstrates that the Manufacturer’s Suggested Reseller Price (MSRP) value of Your non-compliant usage exceeds five percent (5%) of the MSRP value of Your compliant deployments. In such case, in addition to purchasing appropriate licenses for any over-deployed Licensed Software, You shall reimburse Symantec for the auditor’s reasonable actual fees for such audit.

16.4. GOVERNING LAW; SEVERABILITY; WAIVER. If You are located in North America or Latin America, this License Agreement will be governed by the laws of the State of California, United States of America. If you are located in China, this License Agreement will be governed by the laws of the Peoples Republic of China. Otherwise, this License Agreement will be governed by the laws of England. Such governing laws are exclusive of any provisions of the United Nations Convention on
Contracts for Sale of Goods, including any amendments thereto, and without regard to principles of conflicts of law. If any provision of this License Agreement is found partly or wholly illegal or unenforceable, such provision shall be enforced to the maximum extent permissible, and remaining provisions of this License Agreement shall remain in full force and effect. A waiver of any breach or default under this License Agreement shall not constitute a waiver of any other subsequent breach or default.

16.5. THIRD PARTY PROGRAMS. This Licensed Software may contain third party software programs (“Third Party Programs”) that are available under open source or free software licenses. This License Agreement does not alter any rights or obligations You may have under those open source or free software licenses. Notwithstanding anything to the contrary contained in such licenses, the disclaimer of warranties and the limitation of liability provisions in this License Agreement shall apply to such Third Party Programs.

16.6. CUSTOMER SERVICE. Should You have any questions concerning this License Agreement, or if You desire to contact Symantec for any reason, please write to: (i) Symantec Enterprise Customer Care, 555 International Way, Springfield, Oregon 97477, U.S.A., (ii) Symantec Enterprise Customer Care Center, PO BOX 5689, Dublin 15, Ireland, or (iii) Symantec Enterprise Customer Care, 1 Julius Ave, North Ryde, NSW 2113, Australia.

16.7. ENTIRE AGREEMENT. This License Agreement and any related License Instrument are the complete and exclusive agreement between You and Symantec relating to the Licensed Software and supersede any previous or contemporaneous oral or written communications, proposals, and representations with respect to its subject matter. This License Agreement prevails over any conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by You, even if signed and returned. This License Agreement may only be modified by a License Instrument that accompanies or follows this License Agreement.

17. ADDITIONAL TERMS AND CONDITIONS. Your use of the Licensed Software is subject to the terms and conditions below in addition to those stated above.

17.1 ADDITIONAL DEFINITIONS.

“Cluster” means a group of physical Servers that act like a single system and enables high availability.

“Instance” An “instance” of the Licensed Software is created by executing the Licensed Software’s setup or install procedure and/or duplicating an existing instance.

“Processor Chip” means an integrated circuit containing one or more Processor Cores.

“Processor Core” means a functional unit on a Processor Chip that interprets and executes computer instructions, including instructions from the Licensed Software.

“Server” means a standalone system or an individual computer acting as a service or resource provider to client computers by sharing the resources within the network infrastructure. A Server can run server software for other computers or devices.

“Standard License Key” means the applicable Symantec license key that may consist of either alphabetic or numeric characters or a combination of both alphabetic and numeric characters assigned to the Licensed Software.

“Symantec Performance Value Unit” means a performance capability measurement value assigned to a Processor Core using factors such as industry benchmarks and software performance.

17.2 AMENDED LICENSED GRANT.

17.2A Section 2 (License Grant) of this License Agreement is hereby deleted in its entirety and replaced with the following:

“2. LICENSE GRANT. Subject to Your compliance with the terms and conditions of this License Agreement, Symantec grants to You the following rights: (i) a non-exclusive, non-transferable (except as stated otherwise in Section 16.1) license to use the Licensed Software solely in support of Your internal business operations in the quantities and at the Use Levels described in this License Agreement and the applicable License Instrument; and (ii) the right to make a single uninstall copy of the Licensed Software for archival purposes.”

17.3 ADDITIONAL USE RIGHTS AND LIMITATIONS.

17.3A Symantec Performance Value Unit (SPVU) License.

1. If the License Instrument indicates that You have received the Symantec Performance Value Unit (SPVU) license for the Licensed Software, You may use the Licensed Software with a Processor Core or a combination of different Processor Cores in the quantities and at the Use Level up to no more than the number of SPVU licenses and with the applicable operating system platform, as indicated within the License Instrument. The number of Processor Core(s) that You may use with the SPVU licenses may be obtained either through an on-line SPVU calculator or through contacting Your Symantec sales representative. The SPVU calculator is made available to You at http://sort.symantec.com and is based on information from the Symantec Hardware Tier Appendix document. Symantec reserves the right, at its reasonable discretion, to make changes to the SPVU calculator or the Symantec Hardware Tier Appendix document at any time.

2. For example, if Your Processor Core has assigned an SPVU of 100 by Symantec, You must have purchased 100 SPVU licenses. Once You have purchased 100 SPVU licenses for the Licensed Software, You may use the Licensed Software...
with Your Processor Core or a combination of different Processor Cores running on the applicable operating system platform, provided that Your use of the Licensed Software with such Processor Core(s) does not exceed the 100 SPVU licenses You have purchased.

3. Use of SPVU licenses with Virtualization Program or Virtual Machine.
   
   i. If You use the Licensed Software on a Server with virtualization programs or virtual machine(s) installed, then the number of Processor Core(s) You would use to determine the number of SPVU licenses You must purchase for the Licensed Software is equal to the lesser of: (a) the number of virtual Processor Core(s) designated for use by each Instance of the Licensed Software; or (ii) the number of physical Processor Core(s) available on the Server.

   ii. For example, if the Server on which the Licensed Software is installed has six physical Processor Cores and four of those Processor Cores have been virtualized, such that each virtual machine has access to four virtual Processor Cores, You would have a total of sixteen (16) virtual Processor Cores running on top of four physical Processor Cores. If only one Instance of the Licensed Software is used on one of the virtual Processor Cores, the number of Processor Cores You will use to determine the number of SPVU licenses is the lesser number between the one virtual Processor Core using the Licensed Software and the six physical Processor Cores that are available on the Server to all four virtual machines. In this example, the lesser number of Processor Cores is the one virtual Processor Core.

17.3B Server License.

      A. If Your License Instrument indicates that You have received a Server license for Veritas Cluster Server for Windows Operating System Standard/Web Edition, then You may use the Licensed Software on no more than the number of Servers that have been licensed to You by Symantec, as indicated within the License Instrument. If You use the Licensed Software on a physical Server with virtualization programs or virtual machine(s) installed, then You must have a license for every physical Server and every Instance of the Licensed Software on such physical Server.

      B. For example, if You have four (4) physical Servers that are using the Licensed Software and each physical Servers do not have virtualization programs or virtual machine(s) installed, then the total number of Server licenses You must have for the Licensed Software are four (4) licenses. However, if You have four (4) physical Servers that are using the Licensed Software, but only one of the physical Server has a virtualization program or virtual machine installed that provides an additional two (2) Instances of the Licensed Software, then the total number of Server licenses You must have for the Licensed Software are six (6) licenses, which accounts for the four (4) physical Server and the two (2) Instances.

      A. If Your License Instrument indicates that You have received a Server license for Veritas Cluster Server for Windows Operating System Advanced/Enterprise Edition, then You may use the Licensed Software on one physical Server and such physical Server may run additional Instances, but no more than four (4) simultaneous Instances of the Licensed Software with any virtual Server(s) running on the physical Server at any given time, regardless of the number of virtual Servers running on such physical Server. Your use of the Licensed Software in accordance with this Section 17.3B(2)(A) shall not increase the number of licenses You have received for the Licensed Software, as indicated within the applicable License Instrument nor require You to purchase additional licenses for the Licensed Software for Your use of the permitted simultaneous Instances of the Licensed Software.

      B. For example, if You have three (3) physical Servers and each physical Servers have six (6) virtual Servers running on top of the physical Servers, the total number of Server licenses You must have for the Licensed Software are three (3) licenses, which accounts for the three (3) physical Servers. However, each license of the Licensed Software permits You to run additional Instances of the Licensed Software on the virtual Servers running on top of the physical Server without having to obtain additional licenses, provided that You have no more than four (4) simultaneous Instances of the Licensed Software running at any one time on the virtual Servers regardless of whether You run the Instances on all six (6) virtual Servers or less than all six (6) virtual Servers.

      A. If Your License Instrument indicates that You have received a Server license for Veritas Cluster Server for Windows Operating System Datacenter Edition, then You may use each such Licensed Software on one physical Server and such physical Server may run an unlimited number of additional Instances of the Licensed Software with any virtual Server(s) running on the physical Server at any given time. Your use of the Licensed Software in accordance with this Section 17.3B(3)(A) shall not increase the number of licenses You have received for the Licensed Software, as indicated within the applicable License Instrument nor require You to purchase additional licenses for the Licensed Software for Your use of the permitted Instances of the Licensed Software.

      B. For example, if You have ten (10) physical Servers and each physical Servers have six (6) virtual Servers running on top of the physical Servers, the total number of Server licenses You must have for the Licensed Software are ten (10) licenses, which accounts for the ten (10) physical Servers. However, each license of the Licensed Software permits You to run an unlimited number of additional Instances of the Licensed Software on the virtual Servers running on top of the physical Server without having to obtain additional licenses. Thus, for this example, for each license of the Licensed Software You may
run as many as six (6) additional instances for each of the six (6) virtual Servers or additional instances for each additional
virtual Servers that You may add on top of the physical Server.

4. Use of Veritas Cluster Server HA/DR with a Hyper-V Cluster.

A. If Your License Instrument indicates that You have received a Server license for Veritas Cluster
Server HA/DR, then You may use the Licensed Software on no more than the number of Servers within a Microsoft Failover
Cluster that is running Microsoft Hyper-V (“Hyper-V Cluster”) that have been licensed to You by Symantec, as indicated within
the License Instrument. For the avoidance of doubt and regardless of whether the Servers are located on Your primary
production site or on Your disaster recovery site, You must have a license for the Licensed Software for (i) the physical Server
in the Hyper-V Cluster on which the Licensed Software is installed, even if the installation is on a virtual Server running on top of
the physical Server and (ii) each additional physical Server within the Hyper-V Cluster that will be protected by the Licensed
Software even though the Licensed Software is not installed on such additional physical Servers. Your use of the Licensed
Software shall not exceed the number of Server licenses as indicated within the applicable License Instrument.

17.3C Right to Use. Your License Instrument will constitute proof of Your right to make and use such copies of the Licensed
Software. If no License Instrument accompanies, precedes, or follows this License Agreement, You are not authorized to use
the Licensed Software.

17.3D Additional Conditions:

1. Standard License Key and Keyless License Options

i. For the first sixty days after Your installation of the Licensed Software, You have the option to use the
Licensed Software without a Standard License Key. After the first sixty days, You may continue to use the Licensed Software
without a Standard License Key only if You obtain, install and use Veritas Operations Manager (“VOM”) on a Server to track
Your keyless license for the Licensed Software. Your license to the Licensed Software includes a license to VOM and You may
obtain a copy of VOM at http://www.symantec.com/business/veritas-operations-manager. You may use VOM for the purpose
set forth in this Section 17.3F(1)(i) provided that Your use of VOM also complies with the terms and conditions of the end user
license agreement that accompanies VOM.

ii. At any time, You may elect to use the Licensed Software under the Standard License Key option. In order
to do so, You may go to the website indicated on the applicable Licenses Instrument for the Licensed Software and enter the
serial number provided to You on such applicable License Instrument to obtain the Standard License Key for the Licensed
Software.

17.4 PRIVACY; DATA COLLECTION.

17.4A Collected Information. The Licensed Software collects from and stores in Your environment and automatically
transmits to Symantec data, which may include, without limitation, IP address, host name, metrics, and installation logs
(“Collected Information”), unless You opt out of data collection during the installation of the Licensed Software. You will be able
to use the Licensed Software even if You opt out of the collection of such Collected Information. The Collected Information may
be used for the purposes of (i) enabling and optimizing the performance of the Licensed Software; (ii) internal research and
development, including improving Symantec’s products and services; and/or (iii) statistical analysis of product deployment,
including analysis of trends and comparison in the aggregated install base.

17.4B Technical Support. In the event that You provide information to Symantec in connection with a technical support
request, such information will be processed and used by Symantec for the purpose of providing the requested technical support,
including to perform error analysis.

17.4C Sharing and Transfer. In order to promote awareness, detection and prevention of internet security risks, Symantec
may share certain information with research organizations and other security software vendors. Symantec may also use
statistics derived from the information collected through the Licensed Software or submitted by You, to track and publish reports
on security risk trends.

Information transmitted through the Licensed Software or provided to Symantec in connection with technical support requests
may be transferred to Symantec Corporation, its affiliates and contractors in the United States or other countries that may have
less protective data protection laws than the region in which You are situated (including the European Union) and will be stored
and processed manually and electronically through global systems and tools for the purposes above. Such information may be
accessible by Symantec employees or contractors on a need-to-know basis, exclusively to be used in accordance with the
purposes described above. For the same purposes, such information may be shared with partners and vendors that process
information on behalf of Symantec. Symantec has taken steps so that the collected Information, if transferred, receives an
adequate level of protection.

17.4D Your Obligation to Personal Information. With regard to the personal information of Your users and third parties, it
is Your responsibility to ensure that disclosure of such personal information to Symantec is consistent and compliant with any
applicable laws governing the collection, use and protection of personal information. In particular, it is Your responsibility to
inform users and third parties that You are providing their information to Symantec, to inform them of how it will be used, and to
gather appropriate consents required for such transfer and use.
17.4E  **Disclosures to Law Enforcement.** Subject to applicable laws, Symantec reserves the right to cooperate with any legal process and any law enforcement or other government inquiry related to Your use of the Licensed Software. This means that Symantec may provide documents and information relevant to a court subpoena or to a law enforcement or other government investigation.

17.4F  **Contacting Symantec About Your Privacy.** For any inquiry about Your information or about Symantec’s privacy policies, please contact us at privacy@symantec.com.
