

Veritas Consulting Services Certificate

August 2018

Thank you for your purchase of Veritas Consulting Services ("**Service(s)**"). The terms "You", "Your" or "Customer" refer to the services recipient/contract owner named on the face of this certificate document ("Certificate") and the term "Veritas" refers to Veritas Technologies LLC and/or its subsidiaries. This Certificate applies to the Services identified on the face of this Certificate.

If you have an executed statement of work or other mutually-agreed consulting services ordering document ("**SOW**") then the Service is performed and any Service deliverable ("Deliverable") is provided pursuant to the terms of the SOW. If you do not have a SOW, then the Service is performed pursuant to this Agreement. The "Agreement" means, collectively, and in the following order of precedence: (i) the applicable Service Description in effect the date Veritas accepts your order and (ii) the Consulting Services Terms in effect the date Veritas accepts your order, both of which are published at <https://www.veritas.com/company/legal/license-agreements>. This Agreement is a legal agreement by and between You and Veritas.
