Service Overview

The Veritas Business Critical Services Remote Product Specialist services (the “Service”) are value added support services providing Customer with an assigned technical point of contact who is a specialist in a defined Veritas Product Family. This Service is only available to a Customer who has licensed the particular Veritas software product(s) for which the Service is purchased, as indicated on the Certificate or written agreement referencing this Services Description.

This Service Description, with any attachments included by reference, is part of any agreement which incorporates this Service Description by reference (collectively, the “Agreement”), for those Services which are described in this Service Description and are provided by Veritas.

Technical/Business Functionality and Capabilities

Service Features:
Services include the following services delivered for the Eligible Software in the applicable Product Family.

- Six (6) Designated Contacts per Product Family.
- Priority call queueing.
- Access to either an Assigned or Dedicated Remote Product Specialist during regional business hours. All calls will be directed to an advanced team outside of regional business hours or in the event the Remote Product Specialist is not available. The following RPS offerings are available and the one Customer has purchased will be indicated on the Certificate or written agreement referencing this Services Description:
  - **Assigned Remote Product Specialist (sometimes referred to as a "Shared Remote Product Specialist")**: Provides Customer with access to an RPS during Veritas’ regional business hours for up to 48 Work Days during each 12-month BCS term. This RPS is shared with other customers.
  - **Dedicated Remote Product Specialist**: Provides Customer with access to an RPS during Veritas’ regional business hours for up to 220 Work Days during each 12-month BCS term. This RPS is not a shared resource, but is solely dedicated to a specific Customer.
- RPS activities may include the following:
  - **Stabilize IT infrastructure**
    - Delivers specialized technical knowledge and advanced troubleshooting and coordinates with additional Veritas resources, if needed, to facilitate problem resolution.
    - Knows and understands the Customer environment and priorities, and works with the Customer to meet Customer goals and objectives.
    - Notifies Customer of potential critical issues.
    - Serves as a main point of contact for Veritas technical support throughout a case lifecycle, and tracks the current status of each active Customer case and assists in resolution of cases.
    - Provides periodic case history reports to identify trends and develop corrective actions as needed.
    - Participates in discussions regarding plans for future deployments of Veritas software in the applicable Product Family, providing best practice recommendations.
  - **Expedited Response**
    - Direct access to the RPS during regional business hours via desk phone, mobile phone, and e-mail.
    - In the event that Customer’s primary RPS is temporarily unavailable, Customer may either leave a message for the primary RPS or be routed to Veritas advanced-level support personnel.
    - Outside of regional business hours, Customer will receive priority call/case handling to the advanced support team with accelerated response times for the resolution of critical issues.
Eligible Software

Eligible Software is the Veritas software eligible for coverage under the Service, identified by Product Family, at the following URL: http://go.veritas.com/bcs-rps-coverage. The list of Eligible Software may be revised and updated by Veritas from time to time without notice to Customer. If Veritas includes additional software in the Product Family for which Customer currently has Services, then Customer’s Services shall automatically include such additional Eligible Software without the payment of additional Services fees.

Service Specific Terms

Prerequisites

Customer must hold a valid License Agreement for the underlying Eligible Software and have a current support agreement for Essential Support for the Eligible Software. If Customer has a site license then Customer is required to maintain Essential Support for all Software covered under a site license. Further, Veritas is not obligated to provide any credits, refunds or extensions of BCS Premier Services when Services are suspended for Customer’s failure to maintain Essential Support.

Support Policies

Except as otherwise provided in this Service Description, Services will be provided in accordance with Veritas’ Enterprise Technical Support Policy and other relevant support policies, any of which may be revised and updated by Veritas from time to time without notice to Customer. Please refer to http://go.veritas.com/support-fundamentals for copies of such policies.

Definitions

Capitalized terms used in this Service Description, and not otherwise defined in the Agreement or this Services Description, have the meaning given below

“Work Day” means a standard eight (8) hour workday, Monday through Friday, in accordance with Veritas’ local business hours.
