

## Veritas Desktop and Laptop Option 9.7

Veritas™ Desktop and Laptop Option is a user centric backup solution that provides flexible implementation and centralized administration for backup and recovery of Windows and Mac desktops and laptops in the organization. This highly scalable solution with distributable components is suitable for environments of any scale, be it single-site, multi-site, or having remote offices, allowing you to protect even the most recent files with your users.

Built-in features include source side deduplication with content aware deduplication of Outlook PST and NSF files, automatic network selection for non-intrusive backup experience which enables switching between the offline, online and backup over internet modes, self-restore capabilities offered through agent, web browser and a mobile application, rollback capabilities for ransomware protection and also detailed auto reporting.

- Centrally manage backup and recovery tasks for multiple endpoints across your entire organization.
- Protect endpoints automatically regardless of the connected network without any user intervention.
- Backup instantaneously with RPO of seconds including support for work-in-progress documents.
- Customize backup configurations for a fail-safe plan against ransomware threats.
- Empower end users to browse and restore the backed up files without any support assistance.

## Downloading License File

To download the License file for Veritas Desktop and Laptop Option 9.7

### 1. **Locate the Veritas Desktop and Laptop Option entitlements in your Veritas Licensing Portal account**

- a) Log into your MyVeritas account (<https://my.veritas.com>).
- b) Enter the following credentials to login to the portal:
  - **Username**
  - **Password**
- c) In the MyVeritas home page, select the **Licensing** tab.
- d) If you are a member of more than one Licensing Portal account, you will be asked to select an account. Select the account that contains the Entitlements.
- e) Select the **Entitlements** tab and use the search to locate the Entitlements.

The screenshot shows the 'Entitlements' page in the Licensing Portal. At the top, there are navigation links: Home, Appliances, Licensing (selected), and Support. Below this, there are sub-links: Home, Entitlements (selected), Administration, and Help. The user is logged in as 'DLO Engineering Account' with a 'Switch Account' link.

The main heading is 'Entitlements'. Below it, there is explanatory text: 'The table below is a listing of the entitlements to Veritas products granted to this account. Most entitlements do not require registration as they are added to the account automatically via the order fulfillment process. The Entitlement ID starts with an A, and is listed on the Veritas certificate issued to the account holder. Use the Search feature below with Entitlement ID option selected to locate your entitlement.' and 'To search for legacy serial numbers that start with M, use the Search feature with the Legacy Serial Number option selected.'

Below the text, there are links: 'If the Veritas product included instructions to register the product or to redeem a voucher, please use the Register Serial Number or Redeem Voucher links. Once the Veritas product has been registered, the associated Entitlement will be added to this account.' and 'Please note that it is the responsibility of the account owner to only deploy and use the quantity of Veritas products purchased. Use of all Veritas products shall be in accordance with applicable terms and conditions.'

At the bottom left, there is a link: 'Need assistance? Please contact [Customer Care](#)'.

On the right side, there are links: 'Redeem Voucher' and 'Register Serial Number'.

The search section includes an 'Entitlement ID' dropdown menu, a search input field, and a 'Search' button. To the right of the search section, there are pagination controls: '1 to 6 of 6', 'Show 25 per page', and an 'Export to Excel' button.
