## About This Guide

This document enumerates specific combinations of server operating systems, browsers and software that are compatible with and supported by the Veritas Migrate. The following tables should eliminate ambiguity as to which components work together in the Migrate Environment.

## Key

The tables in this document use the following terminology:

SP	Service Pack.
Y	Use of the combination of products is supported.
N	Use of the combination of products is not supported.
P	Pending. Use of the combination of products is not currently supported. Following testing, this value will change to Y or N.
N/A	Not Applicable.
